

DATASHEET

Casa Vergara Cabernet Sauvignon PREMIUM 2017

- This wine corresponds to the small production of the harvest that was obtained after the fires of 2017, which devastated the renowned Cauquenes vineyards. Aged for two years in French barrels, it has resulted in a tasty, complex and elegant wine, where aromas and flavors of ripe red fruits predominate.
- To remember you as a winner in the face of adversity, a blue label distinguishes it from those that characterize our traditional production lines.
- Our care for the environment has led us to eliminate the capsule from the bottle, a purely aesthetic element that does not add quality to the wine.
- Unfiltered wine to maintain natural conditions. Over time, it will leave deposits that is normal for quality wines.
- Pride and family tradition..

D.O. Cauquenes Maule, VII Región de Chile
